Dear Mr Furlan

A reinspection of your property located at the southwest corner of Yorkhouse and McAree Roads in Waukegan was made by Jeff Stofferahn, representing this Agency on December 4, 1980

The inspection disclosed the following condition(s) which constitute violations of the Environmental Protection Act and Chapter 7 of the Illinois Pollution Control Board Solid Waste Rules and Regulations

Leachate continues to flow into a pond in its perimeter drainage ditches, specifically along the southern and northeastern boundries of the site

Site access remains totally unrestricted

It is suggested that you take immediate steps to resolve the conditions described above

Sincerely,

Kenneth P Bechely, Northern Region Manager
